

The Marie-Juchacz-Center

Goals

Our goal is to enable you to lead an abstinent life, which makes a reintegration into society possible.

You should get the opportunity to receive the best possible and most encouraging form of living, day structure and therapy to achieve a psycho-social stabilization, avoid relapse and hospitalization as well as to develop personal skills.

Furthermore you should be empowered to live and work in your own living environment independently again.

Occupational Training Center

The OTC is situated in the ground floor of the institution and offers you a structure for the week. This includes activities in different work areas like gardening, craftsmanship, house technic, housekeeping, kitchen and reception.

The work opportunities are diverse and will be coordinated with you individually. In addition we offer creative occupation as well.

Your willingness to accept a regular daily structure is required.

Services

We will empower and support you in all necessary aspects of life with regard to your individual biography and history of addiction

this includes

- Support of abstinence (by regular alcohol control)
- Suggestions for alcoholfree daily and recreational activities
- Safety and stability by living in a community
- Support and training in housekeeping, hygiene and living room design
- Fixed reference person, who will be your casemanager at your side
- Intensive preparation for your reintegration into society

Clients

In the MJZ you will live together with adults, who are chronically addicted to alcohol, in four living groups absolutely alcohol-free.

The length of stay is usually limited to a maximum of two years.

Patients are excluded from admittance in the following cases:

- An organic brain dysfunction
- Need for long-term care
- A primary mental illness
- A mental disability
- A dependence on illegal substances

In these cases it has to be clarified in advance whether the MJZ is the right institution for your special need of assistance.

Staff

Our support teams have different pedagogic qualifications. There are clear responsibilities concerning your personal support, but also for assisted living in the house. A staff member is also present and accessible for you at night.

Accommodation

The building has been redeveloped and completely new rebuild.

The MJZ offers a modern and appealing accommodation for 35 inhabitants in four living groups on three floors. All are single rooms with an own bathroom.

Each living group has a community room and a large bright and friendly eat-in kitchen for comfortable self-catering in the community.

The rooms are all furnished. You can bring your own furniture – as long as they fit with the spatial conditions.

Furthermore, the house includes a large garden area.

Location and accessibility

The MJZ is situated in the Augsburg district of Kriegshaber, which offers a diversity of shops, restaurants, cafes and a broad spectrum of supporting structures like support groups or outpatient support.

The institution can be reached with tram number 2 (tram stop “Heimgarten”) as well as with bus number 32 (bus stop “Dayton Ring”).

How to contact us:

For further information and questions about admission procedures as well as scheduling an appointment please contact us by phone or mail.
